

Two Wolves Great Plains Brown Ale

Our dark brew, Two Wolves Great Plains Brown Ale, is a well-balanced beer with a deep copper colour and aromas of roasted malt, cocoa and caramel. This highly engaging beer is medium bodied and bright with a high carbonation and pairs well with most foods.

18 IBU (International Bitterness Units) / 5.5% ABV (Alcohol by Volume)

Food Pairing

This all-season beer is refreshing enough to pair with light foods, and bold enough to stand with rich, heavy meals - excellent with pork and beef, root and winter vegetables, stews and barbecues alike.
